

AGING & INDEPENDENCE SERVICES

COUNTY OF SAN DIEGO ■ HEALTH AND HUMAN SERVICES AGENCY

LONG TERM CARE INTEGRATION PROJECT

May 3, 2001

Dear Health Plan Representative:

At our meeting with Health Plan representatives on April 19, it was suggested that each of the Healthy San Diego Health Plans provide a brief presentation to the LTCIP Planning Committee about their current and planned services for seniors and disabled adults. We would like to invite each of you to participate in a panel presentation on June 13, 2001 from 10:30 to noon at the regular monthly meeting. The meeting will be held at Sharp Operation Center, 8695 Spectrum Center Court, San Diego, CA 92123.

Please plan on a five minute presentation of your plan's senior-specific and disabled population and services and then a 10 minute question and answer period after all presentations. Basic items to cover are:

- What type of senior products does your health plan offer? What additional/different products do you plan to offer in the future (if any)?
- What special programs or services do you provide for seniors/disabled? What case management services/resources do you provide?
- Does your plan have "value-added" services for seniors/disabled persons?
- What does your plan view as the most unique health care need for seniors/disabled persons and how do you meet that need?

Please let me know by June 1, 2001 who will be representing your organization and forward a few sentences describing his/her title and professional qualifications. I want to recognize the expertise of each panel member. We are very excited about the opportunity for our Planning Committee members to learn about the work that plans have already committed to serving this population well.

Sincerely,

Evalyn G. Greb, Chief
Long Term Care Integration
